

RNE WRAP

INSULATION THAT WORKS

RNE Equipment, has been designed as a user friendly insulation system, fitting most drilling and well service boiler applications. RNE insulation wrap is a pre-made, ready to use, waterproof, mold proof, and an inexpensive way to keep steam longer while protecting employees from injury. RNE wrap is easily fitted and removed during rig moves or storage. Custom designed to fit all common elbows, tees, valves, unions, boiler valves, lines and flanges. Custom colours, labeling and all sizes available.

**A VERY EFFICIENT INEXPENSIVE ALTERNATIVE TO
CONVENTIONAL TIN OR SPRAY INSULATION**
